

## Housing quality: Breakdown by income

Downloaded from <https://www.canterburywellbeing.org.nz/our-wellbeing/housing/housing-quality/#ink-breakdown-by-income> on 27/04/2024 1:01 PM

The figure shows an overall pattern of increased satisfaction with the quality of the home with increasing household income. The proportion of respondents in the less than \$30,000 income bracket satisfied or very satisfied with housing quality was statistically significantly lower than that for respondents from the two higher income groups in 2022.

### Data Sources for Housing quality

**Source:** Te Whatu Ora Waitaha Canterbury - formerly the Canterbury District Health Board.

**Survey/data set:** Canterbury Wellbeing Survey to 2022. Access publicly available data from the Te Mana Ora | Community and Public Health website [www.cph.co.nz/your-health/wellbeing-survey/](http://www.cph.co.nz/your-health/wellbeing-survey/)

**Source data frequency:** Annually.

Metadata for the Housing quality indicator is available at <https://www.canterburywellbeing.org.nz/index-data>
