

Satisfaction with income: Breakdown by age

Downloaded from <https://www.canterburywellbeing.org.nz/our-wellbeing/income/satisfaction-with-income/#link-breakdown-by-age> on 27/04/2024 2:52 PM

The figure shows a pattern of generally similar satisfaction with income across the age groups for the period 2017 to 2020. However, in 2022 the proportion of the 18 to 24 years group satisfied or very satisfied with their household income (57.2%) has fallen to be statistically significantly lower than the proportion for the 65 to 74 years (67.6%), and 75+ years (71.4%) age groups.

Similarly, the proportion of the 25 to 34 years age group (57.1%) and 35-49 years age group satisfied or very satisfied with their household income (57%) has fallen to be statistically significantly lower than the proportion for the 65 to 74 years and 75+ years age groups in 2022.

Data Sources for Satisfaction with income

Source: Te Whatu Ora Waitaha Canterbury.

Survey/data set: Canterbury Wellbeing Survey to 2022. Access publicly available data from the Te Mana Ora | Community and Public Health website www.cph.co.nz/your-health/wellbeing-survey/

Source data frequency: Annually.

Metadata for the Satisfaction with income indicator is available at <https://www.canterburywellbeing.org.nz/index-data>
